

## **The Five Themes of Geography**

### **Assignment:**

1. Find three pictures that show aspects of the five themes of geography.
2. Cut the pictures out of magazines or print them off of the internet.
3. Attach the pictures to the handouts provided.
4. Write a caption underneath the picture.
5. Then write descriptions of why the pictures demonstrate the five themes. Each picture should demonstrate two themes. More detail means a higher mark.
6. You are only required to find three pictures, but you must include reference to all five themes. So, remember to describe two themes for each picture.
